PERSONAL DATA

Complete the Personal data section and then click on update. In this section you need to upload a copy of your identity document. This can be your national identity card or the passport. It must be a document specifying your personal data (name, surname, date and place of birth) and with a photo. The section Emergency contact is also compulsory.

ACADEMIC DEGREE SATISFYING ADMISSION REQUIREMENTS

First academic degree obtained which requires at least 4 years of study and leading to a doctorate in the country where the studies were carried out (a three-year bachelors degree in any subject is not considered sufficient for graduate study at Padova. A master degree of at least one year following the three-year bachelors degree is required). The date of award of the qualification must be no more than 8 years before the deadline of the call.

Here it is mandatory to fill in at least one row. You must specify and attach your academic degree/s (admission qualification/s) and transcripts: this information is very important for the acknowledgement of your qualification. You have to provide information about the title that allows you to participate to this call, and in particular:

- under "INSTITUTION AND LOCATION" the candidate has to provide the name of the institution awarding the qualification and the status of the institution delivering the studies: Private/Independent, Private and State recognized, State, and if applicable who it is accredited by etc.

- under "NAME OF THE QUALIFICATION AND TITLE CONFERRED" you have to write the full name of the qualification in the original language as it is styled in the original qualification (e.g. Kandidat nauk, Maîtrise, Diplom, etc). If the qualification is a dual award this should be stated. Indicate if the award confers any nationally accepted title on the holder and what this title is (e.g. Doctor, Ingénieur etc.);

- under "DATE OF ATTAINMENT" you have to write when the degree was awarded. Remember that you cannot apply if you got the admission degree before 19th September 2005;

- under DEGREE VOTE EXPRESSED ON AN ITALIAN SCALE, following the instructions you must convert your final grade and write it here;

- you must attach copies of the final certificate/diploma and of the transcripts of the academic degrees and a certificate with the list of the examinations and the marks. For this announcement, a foreign academic qualification, in order to be acknowledged as equivalent to the Italian academic qualification of "Diploma di Laurea/ Laurea Specialistica/Magistrale", must have a length of at least four years and give access to the PhD in the country where it has been awarded

For each row it is possible to attach only one file for the diploma and one for the transcripts. However in the attach section of the application form (see explanation above) **you must attach all your diplomas and transcripts and especially the translations if needed**
