1. Objectives and Regulations

The University of Padova in collaboration with the Foscari University of Venice and the University of Verona have opened a PhD Course in Historical, Geographical and Anthropological Studies. This selection announcement governs admission to the PhD Courses for the 29th cycle (2013/2014 academic year).

Applying for the Course (see Art. 5 hereunder) implies that candidates accept the selection announcement regulations.

Failure to follow these regulations excludes candidates from the selection announcement.

The Appendices are an integral part of this selection announcement.

This selection announcement is the equivalent of being notified to all effects and purposes.

Candidates will not receive any correspondence at their home or domicile address.

The University shall accept no liability for any lost correspondence should candidates provide imprecise addresses or provide no or late notice of any change of address. Nor shall the University accept liability for any postal or IT errors for which it is not directly responsible.

Any variation or addition to this selection announcement shall be published on the University of Padova website:

<http://www.unipd.it/ricerca/dottorati-di-ricerca/bandi-e-graduatorie>

2. Admissions criteria

Admission to the PhD courses is governed by a selection procedure held in compliance with the Appendices of this selection announcement (Appendix "A"). The Appendices detail for each *curricolo* the research fields, places available, admissions requirements and selection criteria that enable rankings to be drawn up.

Candidates are required to come to the examination venue on the day and at the time stated in Appendix "A". Candidates must also bring a valid form of identification.

Additional PhD grants for other subjects may also become available should funding be provided by public or private organisations.

The courses are scheduled to start on 1 January 2014. The PhD courses last for three years.

Teaching and training shall be coordinated by the Course's boards at the three Universities.

Places shall be assigned in accordance with the ranking for each *curricolo*.

There is only one application for candidates seeking admission to the PhDs in Historical and Religious Studies, Historical and Anthropological Sciences and Social History of Europe from the Middle Ages to the Present Day.

Winning candidates are required to enroll one *curricolo* only at the University of Padova.

The PhD courses shall start once the selection procedure has concluded and the course has a minimum of four students.

Each *curricolo* must have a minimum of three students.

3. Admissions Requirements

Candidates may be of any nationality, but must have:

- a Higher Degree (*Laurea specialistica or magistrale*);
- or a university degree awarded prior to the reform introduced by Italian Ministerial Decree DM no. 509 dated 3 November 1999 and amended with DM no. 270 dated 22 October 2004;
- or a second-cycle academic qualification awarded by an organisation belonging to the Italian Ministry of Education's AFAM (Higher Training in Art and Music);
- an equivalent academic qualification awarded by a foreign university and recognised by Italy's academic authorities. These qualifications include those awarded under inter-university cooperation and mobility agreements.

Graduands may also apply as long as they have been awarded their qualification by 31 October 2013, without which candidates are subject to exclusion from the selection process.

Italian and European citizens must only present a self-certification declaration. All of the candidates shall be admitted to the selection procedure with reserve. The Administration may at any moment exclude candidates for not having the aforementioned requisites by reasoned order. Candidates shall be notified of their exclusion by a registered letter with receipt.

4. Foreign Qualifications

Candidates who have followed foreign courses, provided it was a four-year degree and leads to a PhD in the country in which it was obtained, may still apply with reserve. Eligibility will be ascertained by the course's Admission Committee. Candidates with a foreign qualification that has not yet been recognised as an equivalent by Italy's academic authorities must present the following documents to the University of Padova's Research Office (*Servizio Formazione alla Ricerca – Via 8 Febbraio n. 2 – 35122 PADOVA, Italy*) by the selection announcement deadline so that their qualification may be evaluated. Evaluation is valid for the sole purpose of admission to this selection procedure. Candidates must send:

1. a copy of their degree certificate with a *Dichiarazione di valore* from an Italian consulate where possible;
2. a copy of their academic transcript and grades;
3. any other documentation that may help evaluate the validity of their qualification (e.g. Diploma Supplement, EU format CV).
4. a translation of the attached documents in Italian or in English under the candidate's own liability.

EU citizens must provide a self-certification in accordance with Italian Presidential Decree DPR no. 445 dated 28 December 2000 and with Law no. 183 dated 12 November 2011.

Sending the aforesaid documents is not the equivalent of sending an application, which must be presented in accordance with Art. 5 herein.

Candidates may be asked to provide additional documentation at any time so that their suitability for the course may be fully evaluated.

5. Application

Application(s) for the selection procedures must be completed online at <http://unipd.cineca.it/interateneo29/> by and no later than 10 am on the day of the selection announcement deadline.

Once the online application form has been completed, it must be printed, signed and sent with the requisite documents to the address on the label that is printed with the application form.

The original signed, printed applications must arrive either at the address stated on the above-mentioned label or at the address stated in the PhD course table under the heading *Struttura alla quale i candidati presenteranno o invieranno le domande di ammissione al concorso e i titoli* no later than the selection announcement deadline. Applications arriving after this date shall be excluded from the selection procedure.

The application can also be sent to the address listed on the PhD Course table by certified e-mail (PEC). If using this method,

- any documents for which a traditional signature is required must carry the applicant's digital signature;
- the applicant should send a copy of the signed application together with a copy of an identity document. Any documents for which a traditional signature is required must be duly signed, scanned and sent simultaneously with the application;
- the applicant should send all relevant documents through his/her personal certified e-mail (c.d. CEC PAC);

If using electronic mail, documents must be sent in a fixed and not directly editable format without macros or executable codes, preferably in pdf.

The postmark shall not be taken into consideration when deciding whether the application arrived before the deadline.

Candidates wishing to apply for more than one selection procedure must apply for each course individually.

There is only one application form for candidates seeking admission to the PhDs in Historical and Religious Studies, Historical and Anthropological Sciences and Social History of Europe from the Middle Ages to the Present Day.

Candidates may not change the courses they select.

The application form must include the following enclosures:

- original copies of the qualifications or authenticated photocopies. A simple copy may also be provided (see course description for further details), but candidates must declare that it conforms to the original in their application, in accordance with current Italian law;
- a copy of a valid form of identification;

Should candidates apply for more than one *curricolo*, each application must include the requisite documents.

Candidates with disabilities may request the use of additional aids and time to complete the admissions examinations, in accordance with Italian Law 104/92 and amended by Law 17/99. As set forth in Law no. 170/2010, applicants with dyslexia are entitled to 30% extra time in written tests. The request, which needs to be completed on the forms available at

<http://unipd.cineca.it/interateneo29/>, must be sent by fax to 049-8275040 or delivered in person to the University of Padua's Disability Service - *Servizio Disabilità* Via del Portello 25/31, 35129 Padova, Italy - by the selection announcement deadline.

In accordance with Italian Presidential Decree DPR no. 445 dated 28 December 2000, as amended by Art. 15, paragraph 1 of Law no. 183 dated 12 November 2011, Italian and EU citizens are only required to present a statutory declaration for the following statuses and Public Administration certificates envisaged by this selection announcement and by the Appendices (Appendix "A"):

- a) enrolment in professional or Public Administration registers;
- b) membership of professional orders;
- c) qualifications and examinations;
- d) professional qualifications, specialisation qualifications, practising licences, training courses, refresher courses or technical qualifications;
- e) student status.

Candidates are admitted to the selection procedure with reserve and the Administration reserves the right to verify that candidates have provided the correct information. Checks shall be conducted in accordance with Art. 43 of DPR no. 445 dated 28 December 2000. This means that the Administration may exclude a candidate from the selection procedure at any time. **The Administration shall also verify that the candidate's statutory declarations contain correct information. Anyone making false declarations shall be punished in accordance with the Italian criminal code and any special laws governing this matter.**

The University can verify applicants' declarations at any stage of the selection process even if the latter is already underway and, with good reason, exclude any applicants who do not meet the selection process' eligibility criteria.

The University declines any responsibility for lost correspondence should students provide imprecise addresses or late or no notice of change of address. The University also declines any responsibility for postal or IT errors for which it is not directly responsible.

Any additional documents must be submitted by the Selection Announcement deadline. Documents submitted at a later date will not be accepted.

6. Admission Tests and Procedures

The admissions tests and procedure are stated in the course/*curricolo* descriptions.

The test dates in the *curricolo* description are considered to be an official invitation to attend. Therefore candidates shall not receive any other invitation or correspondence regarding the tests.

Regarding admission to the PhD *curricolo* of:

Human geography and physical geography

the Commissions shall carry out a pre-selection procedure which involves the evaluation of a research project. Candidates receiving a score of at least 7/10 (28/40) for their research project will then have their qualifications evaluated. Candidates receiving a score of at least 7/10 (28/40) for their research project will be admitted to an oral exam. Candidates receiving at least 7/10 (28/40) are deemed to have passed the oral exam. The oral exam score will be added to the pre-selection score and to the qualifications score.

Candidates presenting a single application for admission to the PhD in Historical and Religious Studies, Historical and Anthropological Sciences and Social History of Europe from the Middle Ages to the Present Day shall be dealt with as follows:

the Commission shall carry out a pre-selection procedure that involves the evaluation of a research project. Candidates receiving a score of at least 7/10 (28/40) for their research project will then have their qualifications evaluated. Candidates receiving a score of at least 7/10 (28/40) for their research project will be admitted to an oral exam. At the oral exam, the Commission will assign each candidate an admissions score for each of the three courses. Candidates are deemed to have passed the oral exam for each course if they receive at least 7/10 (28/40). The final ranking for admission shall be based on the oral exam score, plus the pre-selection score, plus the qualifications score.

Oral exam candidates must come to the University on the day and at the time stated in the course description. They must bring a valid form of identification (e.g. identity card, passport, driving licence).

The admissions test will be held in the language stated in the *Lingua/e* section, under *Esame di ammissione*, in each of the *curricolo* descriptions.

Should an oral exam be envisaged, it will include a test of the candidates' knowledge of one or more foreign languages. See the *Lingua/e* section under *Accertamento della conoscenza della/e lingua/e straniera/e* in each of the *curricolo* descriptions.

Additional PhD grants that become available after this selection announcement has been published will be announced:

- at the exam
- on the website: <http://www.unipd.it/ricerca/dottorati-di-ricerca/bandi-e-graduatorie>

7. Selection Committee

The Selection Committees for the admissions procedure shall be nominated by the Course bodies and appointed by the University Rector.

Each Selection Committee shall comprise three members, but they may be joined by a maximum of two experts, Italian or foreign, chosen from public or private research centres.

A single Selection Commission will deal with candidates applying for admission to the PhDs in Historical and Religious Studies, Historical and Anthropological Sciences and Social History of Europe from the Middle Ages to the Present Day.

8. Final Rankings

At the end of the admissions tests, the Selection Committee will draw up a ranking based on the candidates' scores for their tests and qualifications.

One ranking will be drawn up for each *curricolo*.

The Rector shall approve the selection procedure records and declare the rankings official. The rankings shall be made public **by 13 January 2014** via:

- publication in the official University register;
 - publication on the University of Padua website
- <http://www.unipd.it/ricerca/dottorati-di-ricerca/bandi-e-graduatorie>

9. Enrolment

Candidates will be admitted to the PhD *curricoli* in accordance with their position in the PhD specific ranking.

The winning candidates (both for funded and unfunded places) must enroll within the stipulated deadline in accordance with the procedures stated when the rankings were published.

Applicants who win a place in more than one ranking may choose one *curricolo*.

Winning candidates who do not accept their place within the established terms shall be considered to have waived their place (be it funded or unfunded).

Winning candidates who waive their place must inform the University by email:

The acceptance form must be duly filled in and submitted to the University of Padua's *Servizio Formazione alla Ricerca*, together with the following documents:

- the first year PhD enrolment form, specifying the place chosen according to the order of ranking;
- a copy of a valid form of identification;
- a copy of the payment receipt (See Art. 14);
- two passport-size photos.

By filling in the enrolment form, winning applicants declare, inter alia, that:

- they are not enrolled and will not enrol in any of the following Degree Courses: a *Laurea di vecchio ordinamento*, a *Laurea*, a *Laurea Specialistica/Magistrale*, an Italian *Master* degree, or a *Dottorato di Ricerca*.
- if enrolled on a *Laurea* or *Laurea Magistrale* (with the exception of PhD access courses), they must declare they will obtain all credits (except those related to the final examination) by 31 December 2013;
- if enrolled on a Masters degree, they will complete their studies by 31 December 2013;
- they pass the pre-enrolment final examination (except for the PhD) within ninety days from commencement of the PhD.
- they are not enrolled and will not enrol in a *Scuola di Specializzazione*. Should they have already enrolled, they shall declare that they will suspend their studies before commencing their PhD, where possible. Students in their final year of studies are expected to finish the *Scuola di Specializzazione* before the PhD Course commences;
- they will ask the competent School body for permission should they wish to work outside the School.

Applicants who have been awarded a grant must also declare that:

- they have never been awarded other PhD grants;
- they will not combine this grant with grants of any other kind, unless they have been awarded by national or international organisations and involve trips abroad as part of the Grant Holder's research;
- they acknowledge that the grant will only be assigned to applicants whose annual income, during the PhD programme, does not exceed the sum of money funded. Moreover, should a candidate's income exceed the annual grant, he/she shall inform the Academic Board at once;
- they shall pay back the monthly instalments received during the year in which their income exceeded the limit.

Foreign applicants must also attach the documents listed hereunder with their application form:

1. A copy, in Italian or English, of the foreign degree accompanied by a *Dichiarazione di Valore* and an academic transcript including a list of all examination marks. These documents must be translated and certified by Italian diplomatic authorities or an Italian consulate.
2. A valid residence permit or copy of the application for a residence permit (for non-EU citizens only).

10. Vacant places

When the rankings are published at <http://www.unipd.it/ricerca/dottorati-di-ricerca/bandi-e-graduatorie>, the Administration will also publish the dates that a list of vacant places will be made available. This list will include the deadlines and enrolment procedures for any vacant places.

No correspondence will be sent to a candidate's home or domicile address.

11. Excess Admissions

An excess number of ranked foreign applicants, who are holders of foreign grants, are on specific international mobility programmes or have a foreign citizenship, may still be admitted on the course provided they are eligible and meet the course criteria.

In case of a dual citizenship, the Italian one prevails.

12. State Employees

Public Administration (PA) employees or other civil servants admitted to the PhD Courses are entitled to apply for extraordinary unpaid study leave for the entire duration of the course as per collective agreement. Study leave, with or without pay, shall be granted to employees who do not waiver and are enrolling for the first time on a PhD Course irrespective of the research field in accordance with Public Administration requirements as per Article 2 of Law no. 476 dated 13 August 1984 and its subsequent amendments.

13. Grants

Grants will be awarded in accordance with the PhD *curricolo* rankings.

Grants will be paid solely to applicants whose annual income during their PhD does not exceed the annual amount of the grant. Should a Grant Holder's annual income exceed the annual amount of the grant, he/she will not be entitled to a grant for that year and will be required to pay back any monthly instalments that he/she may have already received.

In the event of a tie, the applicants' financial situation will be evaluated according to their Income Assessment (ISEE or ISEEU). For unfunded places, preference shall be given to the younger candidate.

In accordance with the Italian Ministerial Decree of 18 June 2008, the amount of the grant is 13,638.47 euro per annum and gross of a separate Italian social security contribution (INPS), which the Grant Holder must pay, as per Art. 2, paragraph 26 of Law no. 335 of 8 August 1995 and subsequent provisions and amendments.

Grant Holders shall not combine this grant with grants of any other kind, unless they have been awarded by national or international organisations and involve trips abroad as part of the Grant Holder's research.

The research grant shall be increased by 50% for any periods of research abroad.

The grant commences as soon as Grant Holders start their course.

Grants are paid by deferred monthly instalments.

Applicants who have already benefited from a PhD grant are not eligible for another.

Benefits (regional grants for unfunded PhD students, accommodation, etc.) envisaged by Italian Prime Minister's Decree DPCM dated 9 April 2001 (*Uniformità di trattamento sul diritto agli studi universitari* as per Art. 4 of Law no. 390 dated 2 December 1991) will be implemented in accordance with the decisions of Veneto's regional government.

The following information is required for the *Autocertificazione* form and it can be obtained from the ISEE certificate: the number of family members, *Indicatore della Situazione Economica* (ISE - Financial Situation Index), *Indicatore della Situazione Economica Equivalente* (ISEE – Equivalent Financial Situation Index), *Indicatore della Situazione Patrimoniale* (ISP – Estate Situation Status) and the equivalence scale value. The income assessment will be of the year 2012.

Students should keep in mind that, in the following two cases, ISEE is calculated differently and ISEEU and ISPEU shall be taken into consideration:

1. The income and estate of the student's brothers and sisters are indicated at 50%;
2. Students are considered to be fiscally independent. They are considered so if:
 - they have resided outside the family home for at least 2 years in a property that does not belong to a family member.
 - they have earned an income of at least € 6,500.00 per annum as an employee or similar for at least 2 years. The aforesaid income must have been declared to Italy's Inland Revenue.

If the two aforementioned conditions have not been met, students are not considered to be fiscally independent.

Students must allow the University of Padova to calculate the correct index:

1. Should brothers' and sisters' income and estate have to be calculated, go to <http://www.unipd.it/dirittoallostudio> - ISEE - *Calcolo ISEE per fratelli e sorelle*, fill in the required fields and copy the information into the *Autocertificazione* form on UNIWEB. If there are any problems with the *Autocertificazione* or with UNIWEB, please contact the *Servizio Diritto allo Studio*.

Alternatively they may ask the *Servizio Diritto allo Studio* to calculate the ISEEU, in which case they must provide their own or their family unit's ISEE certification).

Students are also reminded that they are expected to inform *the Servizio Diritto allo Studio* of any overseas income and/or estate if the aforesaid income and estate have not been already included in the ISEE calculated by the CAF.
